Safety Management System

TTSS Ltd University Businesses operates within a framework of a documented Safety Management System ('SMS').

TTSS Ltd University Businesses SMS has both its structure and content aligned with the requirements of the Travelopia Group and as such, is in keeping with the expectations placed upon TTSS's University Businesses through being part of the world's leading and largest independent leisure travel company.

TTSS Ltd University Businesses SMS takes the format of a Customer Health & Safety Policy and Procedures manual which sets out how customer health and safety is managed within TTSS Ltd University Businesses and which lays down minimum standards for the safe delivery of TTSS's University Businesses.

The TTSS Ltd University Businesses SMS is founded on well-established and globally recognised and accepted safety management principles and is a 'live' document within Student City Travel.

The TTSS Ltd University Businesses SMS is organised and implemented under five broad policy and procedural areas, namely;

1. Policy
2. Organisation
3. Planning & Setting Standards
4. Monitoring
5. Audit & Review

Good practice dictates that the Safety Management System manual and the associated supporting documentation, policy, processes and appendices are regularly reviewed and updated.

Both the TTSS Ltd University Businesses Health & Safety policy statement's and the Travelopia Group statement are included.

INTRODUCTION

TTSS Ltd University Businesses recognise that policies and procedures aimed at effectively managing customer health and safety is the prevention of accidents and incidents and the protection of clients from injury, harm or ill health.

However, TTSS Ltd University Businesses also recognise that effective management of client health and safety can bring additional benefits through contributing to business performance in a variety of important ways, including (in no particular order);

- Ensuring a systematic approach to the identification of risks and the allocation of appropriate resources to control them
- Contributing to the development of a culture supportive of customer health and safety which is necessary to achieve adequate control over risks
- Minimising financial (and other) losses arising from avoidable unplanned events
- Recognising that accidents and incidents can result from failings in management control as well as those of individual employees

TTSS Ltd University Businesses recognise that successful customer health and safety management and achieving the above has several key elements, which are linked with regards to both information flow and control;

This TTSS Ltd University Businesses Customer Health and Safety Procedures document sets out these key elements under the section headings which follow.

Within the context of this document, ‘policy’ is intended to mean the ‘general intentions, approach and objectives’ of TTSS Ltd University Businesses and the criteria and principles upon which it bases its actions.

PHILOSOPHY

We aim to provide memorable university travel experiences to all our customers and try to guarantee that those tours are memorable for all the right reasons.

We currently arrange ski holidays, sports tours & group weekends to various different European destinations, not limited to; France, Netherlands, Italy, Germany, Croatia and Spain. For all holiday / tour packages we sell, we shall always endeavour that we comply with all EU transport regulations both in the UK and in Europe.

The majority of our clients are both young and sporty and are more inclined to be outgoing, seeking stimulation whilst away and will seek out more adventurous activities for their free time. We therefore recognise that many of these events and the associated tours have an active social element.

Furthermore, our tours by their very nature i.e. winter sports & sports tour carry an inherent element of risk; skiing, snowboarding, hockey, lacrosse, rugby and football all carry a slightly increased risk injury due to their very nature.

Through effective supply of information (one source being the Foreign Office), we will always ensure that clients are made aware of the potential risks involved and therefore it is implicit that clients who book tours with us are given accurate and up-to-date information of any such risks.

We will always use our best endeavours to control risks to a reasonable level, but due to the nature of our product we cannot guarantee that incidents will not occur. Nevertheless, the safety of our clients and staff is of paramount importance and we will work diligently to minimise and control risks at all times. As many of our clients are university students we try to work closely with the students union and/or associated student committees.

We expect clients to work with us in maintaining their own safety by taking sensible precautions themselves and always acting in a responsible manner with regard to their own safety and that of their travelling companions and our staff. This is clearly laid out in our Booking Terms & Conditions and is signed by each client/party leader.

TTSS Ltd is covered by Travelopia Group's Public Liability insurance.

POLICY STATEMENT

TTSS Ltd University Businesses is part of the Travelopia Group. As such TTSS Ltd University Businesses recognises that health and safety and risk management policy set at Group level has a direct bearing on the conduct of our business. Our own policy statement is intended to reflect the sentiments of those issued by Travelopia Group and in addition recognise our own particular business circumstances.

The Travelopia Group Health and Safety Policy is attached to this procedures document as below.

The TTSS Ltd University Businesses Policy Statement can be found below.

ANNEX I

TRAVELOPIA HEALTH AND SAFETY POLICY STATEMENT

The management team of Travelopia is committed to its legal and moral obligations to provide and maintain arrangements to ensure, as far as is reasonably practicable, the health and safety of all its customers, employees and others who may be affected by the operations and activities of the Travelopia businesses.

It is the aim of Travelopia to:

- Effectively control risks and prevent harm to people.
- Set a clear direction for the Travelopia businesses founded on this policy, supported by the most senior level within Travelopia.
- Ensure a planned and systematic approach to the management of health and safety.
- Interpret and establish best health and safety practice.
- Protect the assets, earnings and reputation of Travelopia and its subsidiaries.
- Promote a positive health and safety culture.

In order to achieve the above aims, Travelopia will ensure:

- All suppliers and travel related risks faced by customers and employees are adequately assessed
- Effective arrangements are in place for planning, organising, controlling, monitoring and reviewing preventative and protective measures
- That competent persons are available to help in undertaking the measures needed to fulfil legal and other health and safety obligations.
- That customers and employees are provided with information on the risks they may face and the preventative and protective measures that are there to control these risks.
